Fern Hill

Now as I was young and easy under the apple boughs  
About the lilting house and happy as the grass was green,  
The night above the dingle starry,  
Time let me hail and climb  
Golden in the heydays of his eyes,  
And honored among wagons I was prince of the apple towns  
And once below a time I lordly had the trees and leaves  
Trail with daisies and barley  
Down the rivers of the windfall light.
